

OUR CUBAN CONSUL
NOW IN TROUBLEHIS RECALL IS DEMANDED OF
THE ADMINISTRATION.

The Island Authorities Are Backed Up in Their Demand by Spain—Report That Many Battles Have Been Fought in Cuba—Spanish Troops Ready To Embark.

Madrid, March 7.—Capt. Gen. Calleja of Cuba has demanded the recall of the American consul-general at Havana. At a cabinet council last night it was agreed to support the demand.

Washington, March 7.—Owing to the lateness of the hour when the news of the demand for the recall of the American consul-general at Havana was received it was impossible to secure any information in regard to it here. The last government blue book, dated July 1, 1893, gives the name of the consul-general at Havana as Ramon O. Williams of New York. No information on the subject had reached the Spanish legation here up to 9 o'clock last evening.

MANY BATTLES FOUGHT.

Government Thinks the Revolution Is at an End.

Havana, Cuba, March 7.—Owing to further disturbances in Santa Clara the government declares that province under martial law. A party of 200 insurgents appeared near the sugar plantation of San Lino Tuesday. They were under the leadership of Matagas, who is characterized as a bandit, but sympathizers of the patriotic cause say this accusation is unjust. A detachment of volunteers was sent there at once, with three officers and five members of the civil guard. A hot engagement followed, which lasted more than an hour, during which time the insurgents held the position. The volunteers fought bravely, however, and finally dislodged them. In their flight the insurgents abandoned eleven horses, their provisions, hammocks and other effects, all of which were captured by the loyal forces. In the engagement one lieutenant and four of the loyal volunteers were wounded and taken to Rodas. When last seen the insurgents were going towards Los Burros. It is said the ultimate destination of the insurgents is Colon.

In Colon the commandants of the loyal troops met a party of eighty insurgents under the leadership of Matamoros. The insurgents ran away leaving two horses and their saddles. Capt. Manzano met the same party in Songo and gave them battle. On the side of the Spanish troops one man was wounded and one horse killed.

Emilio Calleja y Isasi, captain-general of Cuba, in an interview, said:

"By quick and strong measures we have stopped the uprising in Matanzas in six days. We have never doubted the results. The party of the bandit Matagas in Colon, Jaguary, and Santa Clara, which was reported 200 strong, was acquired by enforcement drafts from these villages. Dispatches have been received which show that Matagas had scarcely seventy men when he retreated. The situation in Santiago is more serious. We are working there to pacify matters. From news received by the government we are in hopes that everything there will be settled without fighting."

Madrid, March 7.—Further particulars in regard to the visit which the United States minister, Mr. Taylor, paid to Premier Sagasta Tuesday confirm the report that the Spanish government was assured the United States would do its utmost to prevent the fitting out of filibustering expeditions to the island of Cuba.

REVOLUTIONARY CHIEF.

Gonzales Guesada, Secretary, Acting in a Suspicious Manner in Florida.

Tampa, Fla., March 7.—Gonzales Guesada, secretary of the revolutionary party, arrived here yesterday morning. It was he who acted as courier for the American revolutionary organization, carrying papers as far as Key West, Feb. 3, where they were entrusted to another, who carried them to the different leaders on the island. It is learned that there is an American yacht at Key West and the Spanish warship there keeps it covered all night with its electric light.

The presence of Guesada is significant. The secretary speaks confidently of the success of the movement. Should an expedition be started from this vicinity 2,000 men could easily be obtained and the many harbors along the coast would afford excellent shelter from which such a movement could be started. Should such a step be taken sailing vessels would have to be reported to.

Spanish Troops Ready to Embark.

Madrid, March 7.—Gen. Calleja, captain-general of Cuba, has sent a dispatch to the government asking that the reinforcements for the troops on the island be sent direct to Santiago de Cuba, equipped and ready to take the field. The war office is hurrying the preparations and there is great enthusiasm in military circles at the prospect of a campaign. Detachments from various garrisons to form the first seven battalions are mustering fast; at Santander, Cadix, Corunna, and Barcelona, from which ports they will embark at the end of the week. The cruiser Mercedes will carry to Cuba 2,000,000 cartridges.

Nat C. Goodwin Ill.

Brooklyn, N. Y., March 7.—Nat C. Goodwin, playing "The Gilded Fool" at the Park theater, was unable to finish the performance. He managed to get through with the first act with difficulty and when the curtain went down on it he refused to continue the performance. Col. Sinn, one of the proprietors of the theater, made an address from one of the boxes, in which he said that Mr. Goodwin had been taken suddenly ill and was unable to go on with the performance. The nature of Mr. Goodwin's illness was not stated.

MORE ABOUT THE ADEL ROBBERY

Orlando Wilkins, One of the Thieves, Dead and His Partner in Jail.

Des Moines, Iowa, March 7.—The town of Adel, twenty-five miles west of this city, was the scene of a bank robbery early yesterday morning, the boldness of which is unparalleled in the criminal annals of the state.

As a result of the robbery one of the robbers, who but recently was released from serving a two-years' sentence in the Minnesota penitentiary at Stillwater, Minn., lies dead in the court house at Adel, his associate, uninjured, is a prisoner in the county jail, while the cashier of the Adel State Bank is laid up with a serious wound in his shoulder and four other citizens and a school-boy are laid up at their homes, more or less injured. The dead:

WILKINS, ORLANDO, one of the robbers, shot three times and killed instantly.

The wounded:

Bally, C. D., merchant shot in the neck while in the bank.

Barr, E. L., postmaster, shot while at his door, not seriously.

Byers, J. M., a merchant, shot on the street, not seriously.

Decker, Cecil, schoolboy, hit by shot, unconscious for an hour, will recover.

Leach, S. W., cashier of the bank, shot in the left shoulder.

Simpoke, J. L., shot in the street, not badly hurt.

At 8:45 o'clock in the morning, when the bank opened for business, as usual, two strangers entered and approaching Cashier S. W. Leach said they desired to make a deposit. As he approached the paying teller's desk one of the men, the ex-convict Wilkins, raised a repeating rifle, which up to this time he had carried concealed beneath his overcoat, and leveling it at the head of Mr. Leach told him they had come in to get money instead of depositing it and his life depended upon his immediate compliance with their demand. Meanwhile Crawford had approached the cashier, holding open the mouth of a canvas sack. Picking up a tray full of silver, Mr. Leach dumped it into the sack. Wilkins commanded him to go into the vault and bring out more money. Leach had turned about to enter the vault when C. D. Bally, a prominent merchant of the town, stepped in at the front door and was a startled witness to the unexpected scene.

Immediately upon Mr. Bally's appearance Wilkins wheeled and turned his rifle upon him and, before the latter could escape or make any remonstrance whatever, fired. The shot took effect in the lower part of the right jaw, tearing its way through the flesh and cutting a deep wound beneath the chin. At this Wilkins turned and fired at Cashier Leach. The latter, seeing the impending danger, dodged, and instead of receiving the charge in the face, as had been intended, was severely wounded in the left shoulder. The sound of the shooting attracted the attention of a number of people passing, among them Cole F. Noel, justice of the peace, who without suspecting the nature of the trouble, opened the door and stepped inside the bank. Again Wilkins turned and fired, but this time missed.

At this interesting juncture, Sheriff Payne of Dallas county, who was passing, suspected the cause of the excitement and drawing his revolver began shooting through the glass door. The two robbers at once left the bank, shooting as they went, and made for their buggy. Arriving at the buggy Crawford untied the horses, having previously tossed the canvas sack containing the money into the buggy. The men then drove the horses into a gallop and drove south and west in a circuitous route, evidently heading for some heavy timber five miles away. When fifteen minutes after their departure Sheriff Payne and a posse of twenty men, all well armed, started in pursuit. Reaching an abrupt turn in the road the robbers in attempting to take a turn struck a log, broke both forward wheels of the buggy and were thrown headlong to the ground. Wilkins, with his rifle firmly grasped, ran to and took refuge in a large barn. Crawford, being dazed from the result of his fall, instead of running to the barn veered to the left and ran into some timber, where he secreted himself behind a log. He was at once surrounded, and seeing all escape cut off, he jumped upon the log and throwing up his hands called out that he would surrender. He was made to take a jug of oil and proceed to the barn where Wilkins had taken refuge, with the threat of burning it if he did not come out.

Wilkins responded that he would die first. Then with a dozen rifles pointed at him Crawford poured the oil over the fodder and set it on fire, and in a very few moments the structure was enveloped in flames. Wilkins remained inside until the heat became intolerable, and only at the last moment forsook his refuge and started on a run for an adjacent grove. Immediately he emerged from the barn a dozen rifles cracked, and leaping high into the air he fell dead not over twenty feet away.

Crawford was immediately hurried back to Adel, where he was placed in jail, and a heavy guard of citizens watched the place all night, threats of lynching being freely made. Meantime the body of the dead robber was brought into the town and taken to the grand jury room in the court house, where hundreds viewed it. The amount of money taken was only \$273, every dollar of which was recovered from the sack in the wrecked buggy four miles south of town. Had it not been for the timely appearance of Mr. Bally, Sheriff Payne, and others, the cool nerve of Cashier Leach, the robbers would have secured \$11,000 in gold and \$30,000 in currency from the open vault.

Late in the day Crawford made a full confession, claiming he was forced by threats of death to accompany Wilkins. The dead robber has a mother, sister, and two brothers in Livingston, Mont. The men are prominent and wealthy stock raisers there. The dead man was one of the rustlers sent to the penitentiary from Montana to Stillwater, Minn., penitentiary. He was originally from Madison county, Iowa, but for the last four or five years had wandered through Montana and the northwest, leading a life of vagabondage and crime.

Faure Has the Grip.

Paris, March 7.—President Faure is suffering from influenza.

AN AGED CASHIER
KILLED HIMSELFHENRY A. WING SUICIDES AT
WORCESTER, MASS.

Had Held His Position For Thirty Years, and No Cause For His Act Is Known—Possible Solution of the Tontogony, O., Murder Mystery—The Last Plea For Hayward.

Worcester, Mass., March 7.—Henry A. Wing, for thirty years a bank cashier, committed suicide this morning. No cause can be assigned for the act.

Toledo, Ohio, March 7.—Peter Peaney, husband of the woman who was found murdered at the back door leading to Dr. Edmon's office at Tontogony, was arrested yesterday and taken to Bowling Green, charged with the murder of his wife. Peaney was jealous of his wife, and is said to have followed her the night she left the house and to have killed her as she was leaving the doctor's office. Mr. Edmon is also mayor of the town. After the murder and the air of mystery surrounding the tragedy complaints were freely made that the officials were inclined to be lax in their investigations. The fact was they were completely at sea in view of the number of theories advanced. There were certain points of evidence in possession of the officers, however, that led them to search the premises of Mr. Peaney himself. Peaney had made the statement that he had no revolver in the house for four years. The police, however, found one in the house of his sister, who admitted it belonged to Peaney. He was once placed under arrest and taken to Bowling Green, where he was lodged in jail to await a preliminary hearing. He says little, but denies the charge.

LAST PLEA FOR HAYWARD.

Will Be Finished To-Day and the Case Will Go to the Jury.

Minneapolis, Minn., March 7.—Yesterday was the defense's day in the Hayward murder trial. The evidence was all in, the attorney for the state had said his last word to the jury, and it devolved upon W. W. Erwin to say the final words in the defendant's behalf. At 10 o'clock the father of the defendant came in with his wife. They found seats among the throng, the defense fearing to have them too near the attorney's table. Then came Harry Hayward with his keepers, menaced, but debonair and seemingly confident of acquittal. He stopped a moment to receive his father's blessing and to reply with real or simulated gayety: "Oh, I'm all right."

"Adry and I put up the job to kill Miss Gling and agreed if we got caught to lay it on Harry."

Upon the above words, the testimony of Maggie Wachtler, W. W. Erwin reared his defense. All through the day Mr. Erwin labored with the jury. He dwelt upon the testimony of Maggie Wachtler, used the words of Blixt himself, and laid before the jury the theory of the defense, that it was Adry Hayward who was the criminal, the human tiger, and Blixt who was the cunning rogue, the intelligent villain who had managed to suit his evidence to the needs of the state. He referred to the hypnotic theory and insisted that many of the statements of Blixt had been given to fit such a theory erected by "Friar Odell." Hypnotism was a new law in law. A Kansas court had listened to it but the appellate court had kicked it out of the window.

Mr. Erwin continued his arguments this morning and will probably consume almost the entire day, but it is possible the case will go to the jury at night. If the jury wishes it, however, the court will reserve his charge until Friday.

BRIBERY IN THE AIR.

Money Said to Have Been Used Among Indiana Lawmakers.

Indianapolis, Ind., March 7.—During these closing days of the legislature more charges of bribery have been made than can be recalled at any former session of the Indiana general assembly. All the proposed legislation against the railroads, including the anti-pass, two cent fare, and Pullman and similar measures, which were urged early in the session, have been stifled, and it is said the railroad lobby has poured out money like water. There is also talk of the use of money in the fee and salary and the building loan bills. At the investigation of the Roby bill theft Clerk Agnew declared that A. F. Knott, an attorney at Hammond, had offered him \$5,000 to lose the bill. Other witnesses said it was understood Knott was the attorney for Roby. As a climax to the promiscuous bribery charges Gov. Matthews yesterday received a communication on the Roby question charging that \$2,500 had been sent to him. The governor made no comment on the letter, and the impression prevails that it is a mass of misstatements. An investigation may be held to determine the truth or falsity of these wholesale charges of corruption.

Wilkins an Ex-Convict.

Winterset, Iowa, March 7.—The young bank robbers at Adel are both citizens of Patterson, this county. Landy Wilkins is 32 years of age and was born and reared here. Seven years ago he went with his mother to Livingston, Mont. He came back recently and boasted to his friends that he had just finished a three years' sentence in a Montana penitentiary for stealing horses.

Match Causes an Infant's Death.

Tacoma, Wash., March 7.—John McCullum, an 11-month-old baby, was burned to death to-day. Its mother left it playing on the floor with another child, which found some matches, one of which ignited. Ten minutes later the mother returned and found her baby lifeless.

French Seize an Island.

Zanzibar, March 6.—The French have seized the island of Nossivy, in St. Augustine Bay, on the southeast coast of the island of Madagascar.

THE MINERS' STRIKE
IS GROWING DAILYFIFTEEN THOUSAND MEN WILL
BE OUT BY NIGHT.

The Situation at Pittsburgh Does Not Improve, But Gets Worse Each Day—So Far There Has Been No Trouble, But It May Break Out at Any Time.

Pittsburgh, March 7.—The miners strike is now fully on. There will be fifteen thousand men out before night. The strike spread rapidly after afternoon and it is now estimated three-fourths of the railroad and river diggers are idle. The total number of men out is about 10,000. So far there has been no trouble. A repetition of the mining riots of last year is expected if non-union men are put to work. The miners' convention adjourned yesterday and the delegates went home in an angry mood. The proposition of the operators to hold another conference Saturday was voted down as a scheme to gain time. Telegrams were hurriedly sent to those miners who did not obey the strike order Monday. Up the Monongahela River not a pick was struck in the fourth and fifth pools. The men at Boston on the Youghiogheny are also out.

CLEVELAND WOULDN'T SIGN.

Believes that the Law Forbids Such Action After Congress Adjourns.

Washington, D. C., March 6.—There has been a good deal of comment over the fact that no less than fifty-six bills failed to become law because the president declined to affix his signature to them after 12 o'clock on the 4th of March, the moment when congress adjourned. It was related in the Post yesterday that a wholly unobjectionable bill was not signed, although the President was considering it and had his pen in his hand at the hour of noon for the purpose of signing it. It is said that President Lincoln held, upon one occasion at least, that the authority to sign bills continued with him until ten days after Congress had adjourned, and that he approved one important measure in that period. President Grant and President Harrison were also credited with acts of this nature, but it is very plain that President Cleveland does not believe that any choice was left him in the matter. This clause of the constitution bearing upon this matter is contained in the latter part of the seventh article, and reads as follows: "If any bill shall not be returned by the President within ten days (Sunday excepted) after it shall have been presented to him, the same shall be a law, in like manner as if he had signed it, unless the congress by their adjournment prevent its return, in which case it shall not be a law."

REVOLT IN BOCAS DEL TORO.

Rebels Led by Garza, for Whom \$5,000 Is Offered.

New York, March 7.—The Herald's special cable from Panama says: "News has been received that the reports of a revolutionary movement in Colon are erroneous, but there has been an outbreak at Bocas del Toro. The Mexican bandia, Garza, for whose capture the Mexican government has offered a reward of \$5,000, threatens to invade the place. Garza is accompanied by Ruiz Sandoval and other revolutionary leaders. President Iglesias of Costa Rica has wired the governor of Panama, advising him of the seizure of the revenue cutter Carillo by the rebels. It is supposed that the vessel has a rapid-firing gun, arms and ammunition on board."

JAPANESE TREATY RATIFIED.

Document with the Mikado's Signature Expected in Washington.

Washington, March 7.—The emperor of Japan has formally executed the ratification of the new treaty with the United States, and the document is expected to arrive here March 20. The Japanese ratification is an imposing document drawn on parchment and bearing the imperial arms and other insignia accompanying the personal signature of the emperor. President Cleveland's ratification in behalf of the United States is expected to reach Japan about the same time. Minister Kurino will present the emperor's approval to Secretary Gresham, but the ceremony is expected to be informal.

Tries to Burn a Congregation.

Boston, Mass., March 7.—An attempt to burn St. Peter's Roman Catholic church, in the Dorchester district, while 1,200 people were attending evening service, was made at 8 o'clock last night. The blaze was discovered in time to prevent serious damage to the building and, although a stampede of the congregation occurred as soon as it was known a fire threatened, no one was seriously injured.

Wisconsin Legislature.

Madison, Wis., March 7.—In the assembly yesterday before the special order of the blacklist bill was reached, the dairy bill was taken up and passed. O'Neill's bill for a State Board of Arbitration was passed, but subsequently it was discovered the bill contained an appropriation and its passage was declared void by the speaker. It was referred to the committee on claims.

To Investigate Boundary Question.

Seattle, Wash., March 7.—The chamber of commerce has appointed a committee to investigate the question of the boundary between Alaska and British Columbia and to arouse public opinion to the importance of maintaining American rights in this matter.

Shot Through the Window.

Middlesboro, Ky., March 7.—Thomas Howard, a prominent citizen, was shot through the window and killed while sitting at the table eating supper last night. The assassin is unknown.

FIRE LOSS \$4,000,000.

Disastrous Conflagration at Port of Spain.

Port of Spain, Trinidad, March 7.—This city narrowly missed total destruction by fire. The loss will amount to nearly \$4,000,000, the chief business section having been the center of the conflagration. Nearly 20,000 people would have been houseless if it had not been for the assistance given by the United States north Atlantic squadron and H. M. S. Buzzard in extinguishing the flames. The facilities for fighting fire are very unsatisfactory and the people are very indolent. The Marvel water works, several miles distant, are ample for ordinary purposes, but are not sufficient for a great emergency. Soon after the flames got headway in the town Rear Admiral Meade signalled from the Newark to the Raleigh and the Cincinnati to land as many men as could be spared, and simultaneously the flagship's boats went into the water. There was a lively rivalry among the men from each ship to reach the fire first, especially as the British cruiser Buzzard, having a nearer anchorage, also bestirred herself to land a party. From the United States vessels more than 150 men were sent ashore, while the Buzzard landed about fifty. Each boat's crew were supplied with fire buckets, axes and ropes, and the plan of action was quickly laid down and carried out. Chains of bucket parties were formed and a steady stream of water was thus conveyed to the lee side of the fire to prevent its spread as much as possible. To extinguish the fire in the buildings already burning or in close proximity to the flames was impossible, and all efforts were concentrated to tearing down the buildings around the main conflagration and wetting down everything upon which sparks and burning fragments might fall. Organized and determined fighting of the flames at last had a good effect, and the advance of the fire was checked, though not until the sailors, as well as the townspeople, were thoroughly exhausted. Several of the American seamen had narrow escapes. Everything is in confusion, and it will take several days to determine whether there was any loss of life among the citizens. The blow to the city is overwhelming, and it will be many years before it recovers from it.

ALL FOR SILVER.

The American Delegates are Favorable to Free Coinage.

Washington, March 6.—The senators and members chosen by congress as the representatives of their respective houses on the proposed international monetary commission have, so far, very indefinite ideas as to what will be expected of them. Whether they will be called upon to act at all will depend first upon the important contingency of whether such a conference will be called and whether the President will decide that the United States shall be represented. The provision for the conference explicitly leaves this matter to his discretion, but there is thought to be very little doubt that if some European nation takes the initiative he will put into effect the law provided for the representation of the United States. It is also believed that Germany will issue the call and that the conference will be held during the coming summer or fall. Where it will be held will depend upon time of the call, as will also the basis upon which the question of ratio or the extent to which silver shall be used is discussed. On this latter point it is understood that advocates of free coinage on the commission will demand that the ratio shall be fixed at 16 to 1 and that they will not swerve from this. As now appears they will constitute a majority of the commission from this country, as five of the six already chosen hold views favorable to free coinage. The delegation will not be complete until the President shall select three more members.

Her Head Is Growing.

La Porte, Ind., March 7.—Alice De-long, aged 3 years, has become strangely afflicted, her head is gradually enlarging, now measuring thirty-one inches in circumference. The child has been returned here from a Chicago hospital, where physicians pronounced the little sufferer incurable. To add to her physical suffering the child has lost the power of speech, its condition being pitiable in the extreme.

Tourist Steamer Aground.

Port Said, March 7.—The Belgian steamer Friesland, Capt. Nickels, from New York, Feb. 6, with a party of 150 tourists enroute for Jaffa, ran aground inside the breakwater as she was leaving this port. She is hard and fast, but the bottom is sandy and her cargo is being removed as rapidly as possible in order to lighten her, and tugs are assisting her. Her steering gear is also disabled.

Missouri Mine on Fire.

Millan, Mo., March 7.—About 11 o'clock last night the Locust Valley coal mine was discovered to be on fire and before any assistance could be secured the flames had devoured all the buildings, engine house and shafts, entailing a total loss of \$75,000, with but little insurance.

Miners Back at Work.

Mexico, Mo., March 7.—Yesterday all the striking miners at the Lanyon & Co.'s mine were put to work at their price, 75 cents a ton. The company tried to cut their wages down to 50 cents a ton and they all struck. New men who were put in their places have been discharged.

Strike in Indiana.

Brazil, Ind., March 7.—The 200 miners employed in the Brazil Block Coal company's mines at Coatesville went out on a strike yesterday. The operators insisted on the men loading their cars with nothing but good coal and the employees stopped work.

L. Postoffice Burns.

Graymont, Ill., March 7.—This town was visited by fire early this morning which destroyed the postoffice and two other buildings. The postmaster saved the mail. The total loss will reach about \$10,000.

TO MAKE LAWS JIBE
WITH OTHER STATESTHE UNIFORM LEGISLATION
MEASURE IS PASSED.

Bill Increasing the Number of Trainers Is Killed; as Is Also the Regulation Exempting Mortgages From Taxation, and Providing For Outside Contagion Hospitals.

Madison, March 7.—The routine grind continued today, and many bills were considered. Among those passed was the one licensing plumbers and inspection of plumbing; providing for the appointment of a commission to make the legislation of this state uniform with that of the neighboring states. The bills legislating Commissioner of Statistics Dobbs out of office referred to committee again. The bills killed included the one compelling railroads to employ more men on trains; exempting mortgages from taxation and the one allowing cities to purchase property outside of the city for contagious disease hospitals.

ILLINOIS LEGISLATURE.

Measures of Importance Acted On Yesterday.

Springfield, Ill., March 7.—In the senate yesterday Senator Coon's motion postponing consideration of the vote to reconsider his bill in regard to woman suffrage in the township elections until next Tuesday prevailed.

Senator Harding's bill abolishing the three days of grace was made a special order for to-day at the request of Senator Leeper. The following were among the bills introduced:

Senator Hunt—Amending the act for the maintenance of a system of free schools. Senator Aspinwall—To provide for the improvement of horse breeding by promoting horse racing; providing that pool selling may be carried on for a period of thirty days. Senator Anthony—For a repeal of the present statute and a complete revision of the law in regard to mechanics' liens.

The senate adjourned until 10 o'clock to-day.

In the house the Kaiser bill prohibiting minors under 14 years from carrying deadly weapons was defeated again.

The senate committee on military affairs has refused to indorse the amendment made by the house to the bill appropriating something like \$250,000 for the payment of the troops and incidental expenses incurred during the riots of last summer. The bill as it left the senate contemplated an expenditure of about \$360,000. The house reduced it to \$254,000. It is claimed the real reason for this action is that all the money in the state treasury is now appropriated. The house spent an hour and a half discussing a resolution for submission to the people on the question of a new constitutional convention. The matter was not settled. Speaker Meyer will appoint a special committee of seven to thoroughly investigate the penal and reformatory institutions, and report. The senate committee on railroads has amended the sleeping car bill so as to make the occupancy of upper and lower berths uniform at \$1 a night, with a slight addition for services over 400 miles. Gov. Altgeld sent a message to the house and senate yesterday touching the assessed valuation of school lands throughout the state. It will likely receive immediate attention.

INCOME TAX ARGUMENTS.

Distinguished Counsel to Appear Before the Federal Supreme Court.

Washington, March 7.—The preliminary arrangements in the argument in the income tax case was made in the supreme court of the United States in the presence of such an array of distinguished counsel as is seldom seen in the court. The proceedings were opened yesterday with a request from the attorney-general that the government be allowed to be heard in the argument, and that the three cases be consolidated. Both requests were granted by the court. It was finally arranged that five hours should be given to each side, with the statement by Chief Justice Fuller that further time would be given if it was found necessary. He also remarked the court would not expect to hear more than three attorneys on each side. It is believed the argument will consume all the time of the court during the remainder of the week.

To Arbitrate Venezuela Dispute.

Washington, March 7.—Secretary Gresham is about to instruct Ambassador Bayard to urge upon Great Britain an adjustment of the long pending trouble between Venezuela and British Guiana, and to suggest arbitration on the question. This action is in pursuance to a recent resolution of congress.

May Make Trouble with Germany.

New Orleans, La., March 7.—The German consul at New Orleans, Count von Meysenbergh, has demanded of the mayor of Gretna, opposite New Orleans, the arrest of all those who participated in the attack on the German steamer Markomannia Saturday. He also gave notice the facts connected with the outrage would be laid before the German ambassador at Washington.

The Injunction Granted.

Lynn, Mass., March 7.—On petition of Launce & Spinney, shoe manufacturers, whose workmen have been on strike, an injunction was granted by Judge Bradley of Lawrence yesterday restraining strike leaders from interfering with people employed in the strikers' places.

Organized in Tampa, Fla.

Madrid, March 7.—Special dispatches received here from Havana report that Cuban filibustering expeditions are being organized at Tampa, Fla., and at Cayo Huesco.

HERE' A NEW IDEA AS TO PRIMARIES

H. S. WOODRUFF SUGGESTS A RATHER NOVEL PLAN.

His Scheme Includes An Informal Caucus For The Purpose of Finding Out Who the Candidates Really Are After Which the Formal Meeting Could Be Held.

The suggestion of H. S. Woodruff in relation to primary caucuses for nominating city officers, is a good one and if carried out would result in securing good men for public positions. "Let us hold an informal caucus," says Mr. Woodruff, "for the purpose of ascertaining who the candidates really are. This caucus can be called and managed by the ward committee. A vote can be taken to bring out the candidates and ascertain who is really the favorite with the people. Let the caucus ballot, and perhaps it would be well to determine that the two or three persons receiving the highest number of votes should be considered as candidates. A few days after this, call the regular nominating caucus. This preliminary meeting would give the people opportunity to discuss the qualifications of all the candidates to come before the regular caucus, and the voters could better understand the business, and place the right man in nomination. It would, in a great measure, put a stop to any so called 'snap game,' or slate ticket, and the people would have only themselves to blame if unworthy men were placed in position. I would like to see a move of this kind adopted." Mr. Woodruff embodied his suggestion in the following communication:

EDITOR GAZETTE: I see by your paper that the primaries will soon be called. I have, for a long time, had an idea concerning the present caucus system which I would like to express. Under the present system the candidate who succeeds in getting the most friends to the caucus usually gets the most delegates to the convention and would be nominated, not always to the satisfaction of voters. To enable the attendants at caucuses to know, before the final and formal vote, who the candidates are, I would suggest to the city committee (if it be legal) to call an informal caucus at least one week before the formal one. This would give the voters time to consider the merits of the different candidates and more of them would voluntarily attend the formal caucus.

H. S. WOODRUFF.

Chairman Goldin, of the republican city committee, says the call for the city convention will be issued in a few days. In the meantime office seekers are pulling wires with a lusty hand.

THE WHEELMEN ARE WAKING UP

Arrow Cycling Club Will Meet Wednesday to Make Future Plans.

The wheelmen are waking up. The Arrow Cycling club is the first organization to make a move, and they will hold a meeting at the office of Dr. Charles E. Pierce on next Wednesday evening, at which time plans for the ensuing year will be made. The main object of the club is to promote cycling and work for better roads. During the summer, medals will be given for the fastest mile, the largest number of miles during the season, and for the fastest century run. The club will eventually join the L. A. W.

It is not a miracle. It won't cure everything, but it will cure piles. That's what De Witt's Witch Hazel Salve will do, because it has done it in hundreds of cases. C. D. Stevens

NEWS OF WISCONSIN TOWNS.

TOTAL ECLIPSE OF THE MOON.

One Scheduled For This Locality For Sunday Evening Next.

On Sunday evening next, there will be a total eclipse of the moon. It will begin at 6:57 o'clock, enter the shadow at 7:45, and the period of totality is between 8:52 and 10:25. It will leave the shadow at 11:25 and the penumbra at 12:31 a. m. The shadow will cut into the moon's disk at a point about one-third the distance from the west to the north points. March 20, at 2:50 the sun crosses the equator. Mercury rises before the sun, but is not favorably situated for visibility. Venus is becoming conspicuous as an evening star. Mars and Jupiter shine in the western evening sky, the latter much higher and brighter. Saturn rises late in the southwest. The zodiacal light is now plainly seen in the west in the early evening. The principal fixed stars visible during the evening hours of the month are: To the west, the constellations Cassiopeia and Orion, Capella, Aldebaran, the Pleiades, Sirius; near the meridian, Castor and Pollux and Procyon; to the east Regulus and the Great Dipper. The days will gain in length during the month forty-four minutes in the morning and thirty-six at night, an hour and twenty minutes for the month.

TO ISSUE NO PASSES TO POSTAL CLERKS

ORDER IS OUT THAT MEN DO NOT LIKE.

Counteracts the Law Passed By Congress, Removing the Obligation For Them to Live on the End of Their Run and Makes Them Pay Fare.

An order that will put great hardship on Janesville railway mail clerks has just been issued, and thereby the postoffice department has very effectively "got back at" the government employees who secured the passage of a bill by congress abrogating the order of Postmaster General Bissell, which made it necessary for all railway mail clerks to live at some point on their respective routes.

The men have been ordered to give up their passes, so that those who do not live at the end of their routes will have to buy tickets to reach their homes after their "runs" are over. This is calculated to have the same effect as the order requiring them to remove to accessible points on their lines, as it is not thought that many of the clerks will desire to pay out railroad fare to take them to their homes, and will therefore decide to live on the line of their routes.

This order will effect Lyman D. Prichard, Clinton D. Evans, Mark J. Lids and John Harlow, all of whom live in Janesville. Mr. Harlow's situation, under this order, will be a good deal like a Rocine man who was so transferred that while he still passed through the town where his family lived, he could only see them by riding on a pass from the end of his route back where his duties were to be resumed. Now he will have to pay his fare. This will be true of the other clerks also, if the new order is rightly construed, for all clerks will have to pay their passage or live on their runs. The reason the first order was issued was to prevent certain abuses it was claimed existed in the west, where clerks removed from accessible points in order to avoid extra work. The second order is regarded as a great injustice, and a means of forcing the clerks to forego the relief obtained at the hands of congress.

STRONG SERMON BY REV. MR. PEAKE

Former Janesville Pastor Talks of a Man Who Died While Drunk.

Rev. T. DeWitt Peake of Beaver Dam, formerly pastor of Court Street M. E. church, delivered a sermon recently on a "Post Mortem Inquest," suggested by the death of Michael Falta netter, which resulted from exposure while an drunken debauch.

The reverend gentleman assumes the attitude of the lawyer, arguing the case from the evidence at hand, in the interest of good citizenship. He maintains in a clear and logical way that the victim met his death as the result of open violation of law on the part of men who are licensed to sell intoxicants under certain restrictions, and in an exhaustive argument shows that the citizen and not the saloon is directly responsible for the crime. The plea throughout is convincing, and places upon the voters of Wisconsin the burden of responsibility that is so generally overlooked, regarding the enforcement of law. The sermon has been printed and scattered broadcast over the state.

TO BE HEEDED NOW.

In The Spring You Are Always Run Down.

This Will Tell You Just What To Do For Yourself.

And Just Why You Should Follow Exactly This Plan.

In the spring everybody needs to think about taking a spring medicine. Not only is this a common practice, but a very necessary and healthful one. It is a fact which physicians acknowledge and the people recognize generally, that a spring tonic taken during the months of March, April and May is more conducive to the restoration of health, in cases of those who are sick, than any other course of treatment that could possibly be adopted.

It is further understood by everybody that even for those who call themselves well, it is very important at this season of the year, if they would maintain good health and vigor to take a spring remedy to strengthen and invigorate the nerves, tone up the action of all the organs, and thus, by creating a healthy condition of the nerves, blood, stomach, liver, kidneys and bowels, assist nature in the efforts she always makes in the spring to cleanse, purify and invigorate the system.

In the spring there are a great many and important changes going on in the body. Perfect health cannot be maintained while the system is clogged and the organs sluggish, and the person has a languid and wicked feeling, with more or less nervousness and debility.

Now in regard to what you should take. The best spring medicine, indorsed and recommended by physicians, druggists and the people, is Dr. Greene's Nervura blood and nerve remedy. In proof of this, thousands of testimonials are being constantly published in the papers. The following is from Mrs. Etta Sumner, of Goodells, Mich.

"I have been afflicted," she says, "with nervous debility for a year. My nerves were completely prostrated, and I suffered at the slightest excitement, with great headache. At times I was entirely overcome by the disease. I would stay in the house alone, and despise the sight of my own people."

"My entire nervous system was shattered, and my life was a worry and a burden to me. I was advised to try Dr. Greene's Nervura blood and nerve remedy, and while on the first bottle began to recover. My friends were very much surprised."

MRS. ETTA SUMNER.

"Before I had finished the second bottle I could sleep with a quiet mind, and eat with a ready and refreshing appetite. I have taken three bottles and am entirely cured of all my sufferings. I have found Dr. Greene's Nervura blood and nerve remedy to be exactly what it is represented."

"I cannot speak half highly enough of it. I cheerfully and earnestly recommend it to everyone afflicted with disease. What gives people absolute confidence in it, is its being the discovery of one of our best known and most successful physicians."

No remedy in the world is so sure to bring back bloom and color to the wan and faded cheeks, the brilliancy to the hollow and haggard eyes, the lightness and elasticity to the weak and weary steps, the strength and vitality to the unstrung, shattered and worn-out nerves. It is indeed the greatest of all spring medicines, for it makes the sick well and strong."

It is not a patent medicine, but the prescription of the most successful living specialist in nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York city. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone, at any time, free of charge, personally or by letter, gives absolute assurance of this wonderful medicine."

MORE wonderful cures of all kinds of diseases attested by living witnesses by Badam's Celebrated Microbe Killer than by any other discovery of this wonderful century. Janesville agent, C. D. Stevens.

S. T. BROWN WAS IN AN INEIANA WRECK

JANESVILLE MAN CAUGHT IN A BURNING TRAIN.

Although the Newspapers Gave it Out That He Was Injured About the Back, a Telegram to His Wife Says That He Is All Right and Will Write Particulars.

A Janesville man was in the wreck at Spencer, Indiana, where two coaches attached to the morning passenger train on the Indianapolis and Vincennes Railroad were ditched between Marco and Sanborn yesterday morning by a broken rail. The engine and baggage car passed over the broken rail, but the two coaches left the track, ran down the embankment and turned on their sides. They were soon in flames. The passengers, all of whom were men, escaped from the wreckage, but the rear coach was consumed. The passengers were taken through in the baggage car. The presence of mind of Conductor Stripp in directing the escape of passengers from the burning coaches prevented more serious results. In the list of the people who were hurt was:

"S. T. Brown, of Janesville, Wis., hurt in the back."

Mr. Brown resides at No. 15 Pearl street, and represents the American Harrow Company of Detroit, Michigan. He sent his wife a telegram yesterday from Lyons, Indiana, saying that he was in the wreck but was all right and would write full particulars later on. This was all Mrs. Brown knew about it. Her husband, she said, traveled for the American Harrow Company of Detroit and had represented them on the road for fourteen years. They have resided in Janesville for two years and she said that her husband's present route would keep him away from home until June.

His Eyesight Failing.

The first indication of failing eyesight is when it becomes necessary to hold small objects (such as fine print or a needle) away from the eye to see them clearly, or it becomes difficult to see to read in the evening. When these symptoms appear it is best to purchase a pair of glasses, to be worn only when it is necessary to save the eye from being overtaxed. Be very careful to buy good ones to start with, and to be sure you make no mistake on having them fitted you should consult W. F. Hayes, the optician at F. C. Cook & Co's.

THIS DAY IN HISTORY

1774—British parliament closed the port of Boston. The "Boston tea party" of Dec. 16, 1773, led to retaliatory measures as soon as news of the affair reached parliament. That body immediately passed the "Boston port bill," which closed the port to all commerce and transferred the board of customs to Marblehead and the seat of the colonial government to Salem. Thus Boston became the recognized champion of popular rights and victim of royal persecution. Money and supplies were contributed by the colonies and by sympathizers abroad.
 1874—Millard Fillmore, thirteenth president, died in Buffalo; born 1800.
 1875—General Sir James Hope Grant, English conqueror of Peking in 1860, died; born 1808.
 1892—Matilda Heron, actress noted for her Camille, died in New York city; born 1830.

TARIFF REFORM.

The issues of the last national campaign was tariff reform, pure and simple. The burdens of the "tariff tax" were rung with all their changes, the McKinley bill was denounced as the wily burglar of dinner palls, and tinware generally, until a large element of the laboring masses were led to believe that tariff reform was the great panacea for all the ills of life, and that with the democratic party in power, an era of prosperity would follow, unparalleled in the national history.

It may be a little unkind, on the part of a respectable minority, who did not endorse the popular heresy, to say at this stage of the drama "I told you so," and yet the experiences of the past two years have been so full of regret and indignation and misplaced confidence, that some consolation is found in the fact that a minority is sometimes wiser than the majority.

What are the facts concerning democratic reform under the Wilson bill? Simply these: A net saving of less than 1 per cent over the McKinley bill. The rate of duty for the first five months, ending with January last was a trifle less than 23 per cent, and for the three years preceding under the republican tariff, it was less than 24 per cent. Prior to the passage of the McKinley bill it was about 30 per cent, so that the reduction was made and prosperity preserved by the McKinley act, under republican administration.

The blessings that were to follow the wonderful saving of less than 1 per cent as the result of a ten-months' struggle in congress are so apparent that the most indifferent observer will recognize them. From a financial standpoint, so far as the government is concerned the reform has resulted in increased indebtedness of about \$175,000,000. To corporations and private capital it has meant loss and in many cases ruin.

To labor it has meant enforced idleness, lower wages and much suffering. If the tariff is a tax the 1 per cent democratic salvage was "lost in the shuffle" very early in the game.

There was manufactured in the United States in 1890, \$338,000,000 dollars' worth of woolen goods, while the value of fine woolen imported was less than \$36,000,000. The home product of cotton goods for the same year was \$268,000,000 with less than \$30,000,000 imported.

It is estimated that in one district in Kings county, N. Y., at least 10,000 income blanks will be filed before the middle of April. The office of the collector is already crowded with business.

ONLY ONE CASE OF CONTAGION

Mild Attack of Scarlet Fever Quarantined—Many Have Pneumonia and Grip

Janesville is remarkably fortunate in that the city is nearly free from contagious disease. Health Officer Robinson reports that he has but one quarantine card displayed, and that is for a mild case of scarlet fever. Usually at this season there are numerous cases of diphtheria, scarlet fever, as well as measles and mumps. However there are quite a number of people sick, some being in a very critical condition. Most of these are suffering from pneumonia and colds and grip. Mrs. Noyes on Pearl street, Mrs. Stevens, on Chatham street, E. W. Vanderlyn, Washington street, and Mrs. Thomas Lappin, Park place, are among those who are very ill. A report was circulated this morning that Mr. Vanderlyn was dead but there was no foundation for such a report. At noon he was considered as improving and his chances for recovery are more flattering.

Self-Preservation.

The professor swims from the sinking boat and climbs up on the bank. Then, dashing in again, he returns to the wreck and rescues his wife.

"But why didn't you save her before?" asks the looker-on, in wonderment.

MAN THEY ROBBED IS WALKING HOME

CHAS. BLAKE, OF BRODHEAD
LOST ALL IN CHICAGO.

Thieves Got His \$140, So He Started Out on Foot—At Crystal Lake Friends Helped Him Out, and He Was Able To Come to Janesville on the Train.

WEARY and footsore, Charles Blake of Brodhead, arrived in Janesville today. He went to Chicago on business Tuesday and after supper he checked his baggage and started down Wells street. When he had gone a block from the Northwestern depot three men caught him and took \$140 from his pocket. Then he was stranded in the big city and decided to walk home. He took to the C. & N. W. track and reached Des Plaines yesterday noon. From there he continued his journey to Crystal Lake where he had friends. The balance of his journey was made on cars and at Janesville he left the Northwestern line and took the St. Paul road for home.

J. H. HAVILAND, who has been connected with the tobacco firm of Cleveland, Grundy & Haviland for some time past, has withdrawn from the firm and rented the building at the corner of Main street and Peace court, formerly occupied by the Growers' Association. Mr. Haviland is known as a well posted leaf man and the new firm will be known as "Haviland & Son."

MRS. HELEN W. HANCOCK spoke of "Work Among the Burmese" at the audience room of the Presbyterian church last evening and her address was both entertaining and instructive. It was along the line of personal experience and her remarks on dress were illustrated by a young man who appeared in costume.

AN extraordinary offer that for value cannot be matched is our line of genuine Middlesex hose, at two pair for 25 cents. Entirely seamless; brown, gray and tan. The best hose on earth. Try to match them elsewhere for just twice our price. Our show window is full of them. Ziegler.

THE banquet of the Young People's Society of Christian Endeavor of the Baptist church will be held in the church parlors tomorrow evening. The affair is for the members exclusively, and during the evening officers for the ensuing year will be elected.

No George P. Gore stuff in the Grand Avenue stock. Not a single pair of shoes out of any wholesale house. Every shoe made by the best factories in the United States. Wait for our prices. Sale will come Saturday. Brown Bros. & Lincoln.

MR. and Mrs. T. O. Howe entertained the X. M. A. club last evening at their Linn street home. Cards formed the evening's entertainment, the honors being won by Mrs. E. D. Roberts and H. D. Murdock.

TICKETS for the butchers' ball, to be held at the Armory, are now on sale at Isaac F. Connors', Smith's Pharmacy, Spellman's cigar store, McGinley & Mahon's cigar store and by all the butchers.

THE ladies of All Souls church have long been famed for their cookery, and justly, too. They served a supper at the church parlors last evening that made the partakers "glad they came."

POLICY holders of the Covenant Mutual Benefit Association of Galesburg, Ill., will meet in the city treasurer's office this evening at 7:30 o'clock to consider the recent advance in rates. C. T. BANKS, general freight agent for the Burlington, Cedar Rapids and Northwestern railroad was in the city today, the guest of Ticket Agent E. J. Samuels of the St. Paul road.

ALEX. GALBRAITH addressed the farmers' institute at Monroe on the subject of "The Care and Breeding of Stock." Two thousand people attended the institute.

E. B. HEIMSTREET attended the meeting of the Agricultural Fair association of Wisconsin at Milwaukee yesterday, he being president of the organization.

MR. and Mrs. C. G. Church of Watertown, S. D., are in the city visiting Rev. and Mrs. A. H. Barrington. Mr. Church is a prominent banker in Watertown.

FRANK KIMBALL's annual spring opening of spring furniture will take place next Monday. A great display of fine new spring furniture will be shown.

THE Woman's Mission Circle of the Baptist church, will meet in the church parlors Friday afternoon at 3 o'clock. All ladies are cordially invited.

S. LOWN, who represents one of the largest leaf tobacco houses in Philadelphia, was in the city today, talking shop to a number of the local dealers.

THE home circle of Mr. and Mrs. Daniel Grimes, 57 Locust street, has been enlarged to make room for a little son who arrived last evening.

Boys' complete outfit for \$5; consisting of all-wool coat, two pair pants, cap to match and pair solid leather shoes. S. D. Grubb.

GEORGE K. COLLING and John P. Wright, the well known builders, have formed a co-partnership and are located at 104 North Main street.

THE banquet and ball of the Knights Templar will be held on April 17 this year at the armory and Hynke's orchestra has been engaged.

We should like to have you see our lines of neckwear. We are displaying today in a show window a large line

of Tecks and four-in-hands which have been selected from the 50 cent goods in our show cases and have made the price 25 cents for your house. We carry more neckwear than any other concern in town. You will believe it if once you look us over. T. J. Ziegler.

MRS. STEPHEN HOTELLING entertained the Neighborly Whist club last evening at her home on South Main street. Refreshments were served in the shape of a 6 o'clock tea, the tables being beautifully decorated with roses and similar. The club is composed of the following ladies: Mesdames: W. E. Holmes, D. E. Field, A. Dearborn, S. O. Holdrege, A. T. Pritchard, S. Hotelling, A. D. Sanborn, S. Logan, W. A. Lawrence, Powe.

On the back of the next lot of tickets to be issued by the Street Railway company, advertisements for local firms will be placed. The scheme has been practiced in the large cities only.

COUNTY SCOTS MET IN ANNUAL SESSION

CALEDONIANS HOLD THEIR
YEARLY GATHERING.

Much of the Time This Afternoon Was Taken Up With Routine Business—To Close with a Social and Dance Tonight—The Officers That Were Chosen.

Members of the Rock County Caledonian society gathered this afternoon at the society rooms for consideration of their annual business and the election of officers. Alex. Galbraith presided and W. R. Proudfoot acted as secretary. A number of communications were read, one pertaining to the

C. C. McLEAN, SECRETARY.

erection, by popular subscriptions, of a statue of Highland Mary in Scotland. This communication was well received, and Mr. Proudfoot moved that the sum of ten dollars be donated by the society which motion was adopted. A number of names were proposed for regular and honorary membership, which were referred to a committee under the rules.

A board of seven directors were elected as follows, the first two representing the honorary membership: J. P. Thomas, L. H. Becker, A. E. Galbraith, James Mills, C. C. McLean, George Skinner and James Scott.

The society then elected the following officers:

Vice President—Andrew Barlass. Secretary—C. C. McLean.

Treasurer—John Harvey. The president of the society is to be elected by the board of directors.

The session will conclude with a social this evening and a dance at the Concordia society's hall.

SKETCH OF JOHN AUSTIN'S LIFE

He Was Well Known and Popular and Left a Large Fortune.

John Austin, whose funeral took place yesterday, came to Rock County in 1838, and settled on a farm on Otter Creek, four miles north of Milton. He was born in Albany, New York, March 6, 1819 and was seventy-six years old on the day of his funeral. He was married to Anniza Sharp in 1842, but she died in 1857. Two children were born to them, both of whom are living in the vicinity of this city. In 1855 he married Mrs. Lavina Van Antwerp who survives him. To them nine children were born, six of whom are now living. Mrs. Austin who was very near death's door at the time of her husband's illness is now in a fair way to recovery.

In the death of Mr. Austin Rock county has lost one of her oldest and best known citizens. He was a member of the United Brethren church of Fulton, and always donated liberally to its support. In the fifty-six years of his residence in Rock county by thrift and economy he accumulated a large fortune and was known as one of the solid men of the county. He had a very genial and friendly disposition which endeared him to all who came in contact with him.

HANDSOME CHIMNEY IS CROOKED

The Y. M. C. A. Building Committee Have a Problem To Figure On.

"That chimney does not look quite straight to me," remarked a man who was looking at the new Y. M. C. A. building. Then others noticed it and all of them decided that it was leaning to one side. The building committee held a meeting yesterday afternoon to decide what to do in the matter, and locate the fault. The chimney is a handsome one, made of red pressed brick, and was built with much care. There is no danger of it falling, they say, but if it should tumble when anyone was under it, it would be "all up with Squeakers."

INDIANS IN CAMP NEAR HERE.

Party of Aborigines Temporarily Located on The Pratt Farm.

Janesville people won't have to go far to see "a heap big Injun," for there is a party of them in camp on the Pratt farm north of town. They are Winnebagos and the tribe is composed of five men and two squaws. The party have been camping on the shore of Lake Koshkonong all summer, earning their living by hunting and fishing, but most of their revenue comes from the sale of skins of the otter, mink and musk-rats which they catch. The whole outfit came to town this morning looking for Lucius Kennedy, who promised to pilot them down the Rock as far as Monterey, and they will hunt in that locality for the rest of the week. Mr. Kennedy resides on a farm nine miles north of the city, and is known as one of the most careful fur buyers in this part of the country. The "injuns" want him to buy the season's catch of furs and they will probably strike a dicker before the red men leave.

BURNS AND LEWIS ARE MATCHED

Two Noted Wrestlers Will Come Together on April 17.

Farmer Burns and Evan Lewis, "the stranger," will wrestle for \$1,000 a side on April 17, the place of the match not yet being decided upon. Both men are well known in Janesville, and both have many backers here. Burns wrestled with McLeod at the Scottish games some time ago while Lewis has been here several times. Burns wrestled Comstock at Milwaukee last night and Lewis came down from Ridgway, Wis., for the purpose of challenging Burns, as Burns has been after him for a match for some time. The articles were at once signed. Burns defeated Comstock.

WELL IS STILL SPOUTING GAS.

Flow That Hines Brothers Struck at Menasha Still Flowing.

The well that Hines Brothers, of this city, were drilling for Arthur Brown, near Menasha, when they struck natural gas, is still spouting. Brown has his fixtures all in place and is using the gas in the manufacture of steam. The force and volume of the gas still increases. No active steps have been taken in the transfer of real estate by any of the farmers thereabouts. The conviction seems to be gaining ground that the find is a good one and that it is more than a pocket.

NOTED PEOPLE WERE HERE TODAY

Governor and Mrs. Upham Were Among the Delegation.

There was quite a delegation of noted people at the St. Paul depot this morning. The party included Governor and Mrs. W. H. Upham and Treasurer Agent R. C. Vernon of Madison, John M. True of Baraboo and Col. J. A. Watrous, editor and proprietor of the Milwaukee Telegraph. They were on their way home from the closing farmer's institute at Monroe.

Happy Faces Visible.

The great sale of tinware goes merrily on at Lowell's. It's a pleasure to step in there any moment during the day and notice the smiles each and every face bears as they take an armload of tinware away, bought at the lowest possible prices imaginable. Any one who has the blues should step in there and mingle with the joyful crowd. Not a quiet moment during the entire day. People are coming from far and near and stocking up on tinware, and well they might as perhaps there will never be such a chance again.

MISS MABEL HARPER entertained a number of her young friends last evening, at the home of her parents, Mr. Mrs. R. B. Harper, 35 Milwaukee avenue. Light refreshments were served and the evening was devoted to dancing. Those present were: Misses Edith Hayward, Joseph M. Fernworth, Mabel Harper, Annie Shearer and Marie Smith. Masters—George Dower, Charles Reynolds, Fred Leahy, Bruce Harper and Charles Tallman.

SALOON THIEF SENT TO A PRISON CELL

ERNEST JACOBSON WILL SERVE
THE STATE ONE YEAR.

He Pleaded Guilty to the Charge of Burglarizing Kline's Refreshment Pavilion at Beloit, and Was Taken to Waupun This Noon—Other Municipal Court Cases.

Ernest Jacobson of Beloit was escorted to Waupun prison this afternoon by Sheriff Appleby. Jacobson had brief but pyrotechnical career in crime. On March 3 he burglarized Kline Brothers saloon in Beloit, securing but \$300 in money. He was arrested on March 4 by Marshal Appleby of Beloit and lodged in jail, the money all being recovered. This morning he was brought into the municipal court, waived the preliminary examination, pleaded guilty to the charge of burglary and was sentenced by Judge Phelps to one year at hard labor in states prison. The 1:20 north bound passenger train took him to Waupun with Sheriff Appleby as a traveling companion.

John Britton, a "colored German sub," who insisted that "he wasn't a bad coon, sah," and had been plentifully reimbursed with liquor for giving exhibition in saloons where he used his head as a "battering ram" in demolishing barrel heads, boxes, beer cases, etc., was before the court on the charge of drunk and disorderly conduct, but was allowed to go on the promise that he would return to his home in Waupun on the first train. He left with Sheriff Appleby and the convict, Jacobson, on the noon train.

John Dixon, who was charged with being drunk and disorderly without either extenuating or particularly vicious circumstances, was given five days in jail to get sobered up.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will "close." Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette, containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write it the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

Of Janesville, Wis.

An Eager and a Nipping Wind,
A continuous down pour of rain, inclement weather, generally in winter and spring, are unfavorable to all ailments, particularly those of the lungs and circulation. Dr. Williams' Pink Pills for Pale People acts these influences and interpose a defense against them. Hostetter's Stomach Bitters, most thorough and effective of stomachics and tonics, not only enriches the blood, but accelerates its circulation. For a chill, or premonitory symptoms of rheumatism and kidney complaint, a particularly prevalent at these seasons, it is the best possible remedy. It is also invaluable for dyspepsia, liver complaint, constipation and nervousness. Never set out on a winter or spring journey without it. Elderly persons and the delicate and convalescent are greatly aided by it.

If the Baby is Cutting Teeth,
Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

An Unfounded Report.
Prof. Snore, of the University of Texas, is such a learned man that he has continual spells of absent-mindedness.

"I am glad to see you. Why, there was a report all over town that you were dead," said one of the students to him a few days ago.

"You don't tell me so?"

"Yes, it was reported that you were dead and buried."

A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Yewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 1st N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows:

"Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never seen remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies." Solomon Yewell, Marion, Ind., Dec. 5, 1892. These remedies are sold by all druggists on a positive guarantee, or sent direct by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, express prepaid. They positively contain no opiates nor dangerous drugs.

"AS WELL OFF AS THE RICHEST."

Charles V., Maria Theresa, the Empress of Austria, Goethe, Beethoven, Bismarck, the Princess Louise of England, Count Von Capri, and a host of other celebrities have visited the famous Sprudel Spring of Carlsbad, and we are not all Goethes and Bismarcks, but we may enjoy the greater advantage of having the Spring with all its benefits brought directly home to us. The more rapid means of transit and the march of invention is bringing everyone within easy reach of every creative blessing. The Carlsbad Water bottled at the Spring, or the Carlsbad Sprudel Salt, the solid evaporations of the water, may be had of any druggist, and are without an equal in all disorders of the stomach, intestines, spleen, liver, prostrate, kidneys and bladder, and in gout and diabetes. Beware of imitations. EISNER & MENDELSON CO., Sole Agents, New York.

FOR SALE.

After four years of very satisfactory experience in real estate transactions, in Missouri, and having, during that time, sold \$250,000 worth of well IMPROVED FARMS in northeast Missouri, I am prepared to say to you, that no state in the whole union presents the opportunity to the farmer that Missouri does, that no other state combines so many advantages to the farmer, in no other state can you get rich, well-improved farms, in thickly settled locations with lands as good as any in Wisconsin at the prices and upon the terms which I now offer you; her rich soil, mild and equable climate, sure crops, abundance of timber, pure water, nutritious grasses, beautiful blue grass pastures, and above all, her vast crops of all kinds of delicious fruits are among her numerous advantages to the farmer. Her exhibits at the World's Fair, in 1893, proved that no country leads Missouri in the production of fine fruits, not even France or Spain with their vast vineyards have as many advantages over Missouri in fruit growing. I have in northeast Missouri, rich, well-improved farms, near railroads, for sale: 1330 acres at \$35 per acre; 465 acres at \$20; 1172 at \$35; 460 acres at \$2; 540 acres at \$35; 300 acres with \$11,000 in buildings at \$35. Can take a small farm in Wisconsin or Illinois as part pay on any of these.
